- ◆ Acknowledgement on social media, EWDC website, and in EWDC's Annual Report

DREAM, INSPIRE, and CELEBRATE!

Since 1995, EWDC has used reading to help children reach for the stars in the classroom and beyond. Through books, we build social-emotional skills, support fluency in literacy, and foster a love of books and learning. We change children's lives for the better.

Read to Dream is a celebration of EWDC's incredible impact across the DC region and for the thousands of families served each year. It's also a chance to help our kids dream big and inspire their futures. Proceeds from the evening will support key program expansions, bringing reading resources to children in need and giving them a fair and equitable shot at success.
